Dear Mr. Brewster

Of course I know
nothing, not at all in-
timately - he had no
intimates in these parts
after the death of Mr.
James Brown.

But I can give you
precisely the principal
data.

Born at Settle, in Yorkshire
1786
Came to U.S. (Philadelphia) in
1808

Returned to England, to
reside, after the death of
an uncle in - - -

Came back in 1847-8.

Spent his last years
at Butgum in Lancashire,
near Preston. - His
estate left him for life
by his Uncle (?)
Died there Sept. 7,
1859.

Butgum would be
readily visited. I
presume the place
went to relatives.

Very truly Yours

Archibald
